

Struggling with cost optimization?

Cloud Cost Optimization

We reduce up to 60% the cost of running applications and services on the cloud, keeping and improving the performance and reliability.

We Build Success

E COMMERCE

We cut down 35% (360k) of the annual costs for an ecommerce productive account by running our cloud assessment and adding code optimization.

HEALTHCARE

We reduced cloud expenses by 50% for one of the few

ABA (Applied Behavior Analysis) providers that integrates in-home services with technology and multi-disciplinary care, ensuring a seamlessly interconnected autism support system for individuals across U.S.

FINTECH

We saved 60% of the cloud infrastructure costs for a home banking account.

Resources allocated included web resources and APIs. As a result of the assessment, an infrastructure modification plan and changes in the deployments type were implemented.

About the Pack

ACTIVITIES

- Resource utilization analysis
- Cost analysis
- Right-sizing
- Storage analysis
- Reserved resources cost analysis

DELIVERABLES

- Storage optimization plan
- Architecture proposal
- Cost reduction estimation
- Hints to improve the usage of the cloud

TEAM

- Cloud Architect

Got a big idea?
Let us help you turn your dream into software
